L'approccio del Network

Come supportiamo le PMI

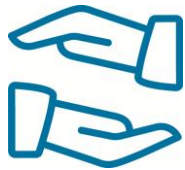

Internazionalizzazione e ricerca partner

- Sostegno alle PMI per aiutarle ad accedere ai **mercati internazionali** e alle opportunità commerciali.
- Aiutare le PMI a trovare i **partner** giusti in tutto il mondo.

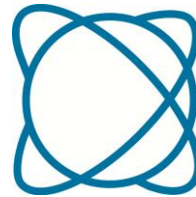

Ricerca partner internazionali

Il database di ricerca partner della rete contiene **migliaia di profili aziendali** per instaurare collaborazioni internazionali.

oltre **5.000** opportunità di
collaborazione internazionale

da più di **40 Paesi**

3 categorie di profili:
Business, Technology transfer, R&D

Inoltre organizziamo:

Company missions dove offriamo supporto per incontri internazionali mirati con solide prospettive di business.

Eventi di matchmaking in tutta Europa e virtuali, dove le PMI possono incontrare di persona, oppure online, potenziali partner commerciali, tecnologici e per progetti europei.

Due azioni possibili:

1. Inserimento del proprio profilo aziendale

Non è possibile profilarsi in autonomia.
Gli step da seguire sono:

- invio a Confindustria Lombardia di materiale in lingua inglese (es. company profile, presentazioni, brochure), specificando prodotti/linee su cui incentrare la ricerca e anche eventuali preferenze geografiche;
- stesura, a cura di Confindustria Lombardia, di una prima bozza e condivisione per eventuali integrazioni/modifiche¹;
- terminata la revisione, la versione definitiva che verrà caricata sul database;
- una volta pubblicato, il profilo potrà ricevere manifestazioni d'interesse (Eoi - Expression of Interest) che vi verranno inoltrate da Confindustria Lombardia.

Its packaging solutions are used in different sectors, including food and beverage, pharmaceuticals, cosmetics, and more. The SME also offers a range of additional services, such as graphic design, printing, and logistics, to ensure that its customers receive a comprehensive packaging solution that meets their needs. The company is committed to sustainability and eco-friendliness, and it works to reduce its environmental impact by using recyclable and biodegradable materials whenever possible. The company seeks potential partners from the luxury fashion and shoes industry interested in improving their packaging solutions and simplifying their management. It is looking for companies, SMEs and brands which are located preferably in Europe, in the United States and in the United Arab Emirates.</p> <p>Profile BOIT20230314013 Page 1 of 6 Expires: 14 March 2023</p>	<p>enterprise europe network Partner Opportunity - BOIT20230314013</p> <p>Advantages and innovations The Italian SME offers complete personalization services to their clients helping them to set up products tailored to their needs. It also assures the following aspects: 1. Sustainability It creates environmentally sustainable products from recycled and recyclable materials with low environmental impact. It also works with FSC certified raw materials. It uses cutting-edge biomaterial technology and eco-friendly innovations to design modern and long-lasting packaging. It also succeeded in designing and building a company headquarters with a reduced use of energy, water, materials and resources, equipped with a geothermal and photovoltaic system capable of reducing CO2 emissions to zero, and oriented towards the use of vehicles powered by self-produced energy. Finally, the SME could convert its production in a 100% green production with energy generated from solar panel and geothermal implant, in order to guarantee environmentally sustainable and zero impact products. The SME also took part in reforestation processes around the world, for example in Madagascar, by replanting trees used to create its packaging. 2. Co-packing specialization In the last years the SME specialized in the co-packing service with famous brands which asked for a highly precise, punctual, and aesthetically emotional service. Clients can give their products to the SME, and it can pack and distribute them, following the different requests. 3. R&D The company has several patents which distinguishes it in the fashion and high luxury market: it is equipped with an effective and efficient R&D department that offers ideas and innovative solutions, thanks to synergy, collaboration, and team-working. 4. Logistics and distribution It offers the possibility to keep goods inside its warehouses, shipping in batches in order to ease the warehouse of the brand.</p> <p>Technical specification or expertise sought</p> <p>Stage of development: Already on the market Sustainable Development goals: • Goal 9: Industry, Innovation and Infrastructure</p> <p>IPR Status: IPR granted</p> <p>Partner Sought</p> <p>Profile BOIT20230314013 Page 2 of 6 Expires: 14 March 2023</p>	<p>enterprise europe network Partner Opportunity - BOIT20230314013</p>  <p>Media_2a0</p>  <p>Media_3a0</p>  <p>Media_1</p> <p>Profile BOIT20230314013 Page 3 of 6 Expires: 14 March 2023</p>
