

A seminar to inaugurate Quebec's aerospace mission to Lombardy

“International cooperation between aerospace clusters to forge partnerships between SMEs”

Milan, 27th November 2017

Palazzo Pirelli, Belvedere 31 floor, 9:30 a.m.

Within the framework of the institutional partnership between the Lombardy Region and the Province of Québec, the seminar will offer the opportunity to strengthen dialogue and cooperation between **clusters, companies, experts in internationalisation policies**.

After the institutional opening remarks, clusters will present best practices and innovative cooperation projects. An open session dedicated to research-education-internationalisation will allow participants to share ideas and lessons learned in transatlantic relations.
