

Technology & Business Cooperation Days

12 – 15 April 2021

B2B-Meetings: Industry 4.0, resource and energy efficient manufacturing technologies, sustainable energy & mobility and measurement tools during HANNOVER MESSE 2021

HANNOVER MESSE is usually the leading international showplace for industrial technologies, materials and product ideas. This year the fair does take place as hybrid event due to the COVID -19 pandemic. Technology & Business Cooperation Days at HANNOVER MESSE, as the place for enterprises and research institutions to find partners for technology and research cooperations as well as commercial partnerships in pre-organised one-to-one meetings, will be held as virtual event with online meetings. Since 2002, more than 47000 participants were supported with targeted bilateral meetings, resulting in numerous international partnership agreements.

Organised by the ENTERPRISE EUROPE NETWORK, the world's largest support network for SMEs with international ambitions with special contributions of the networks sector groups and the EUROPEAN INNOVATORS initiative, the brokerage events stands for initiating excellent cross-border contacts and collaborations.

Register now!
