## General Information

### Short summary

A Spanish IoT product design engineering specialized in the design and developing of IoT products and solutions, is looking for suppliers of the microcontroller with reference PGA460TPWR.

### Full description

The Spanish company has a strong expertise on electronics design, sensors integration and wireless communications meeting the most demanding requirements of customers in the markets of Industry 4.0, Agri-food, Smart Water and Smart Metering. The company offers a broad range of services from the product design making their customers ideas into a reality, the manufacturing of the products and systems, and technology consulting.

The company seeks suppliers of the microcontroller with reference PGA460TPWR.

#### Advantages and innovations

The company has more than 10 years of experience within the IoT ecosystem, specifically in the design, manufacturing, and industrialization of IoT custom products. The company is expert on embedded software development for multiple hardware platforms and communication protocols and can also manufacture their own products and systems, offering a manufacturing service of products designed by third parties, defining, and optimizing the production and quality processes to get the maximum reliability and to reduce the operative costs.

The company can also assist customers on the design conceptualization and requirements definition, analyzing the technological feasibility, the usability and the costs and ensuring the product delivery to the market in time and budget.

#### Technical specification or expertise sought

The company is seeking suppliers of the microcontroller with reference PGA460TPWR to establish long term cooperation agreements

#### Stage of development

**Already on the market**

#### Sustainable Development goals

- **Goal 11: Sustainable Cities and Communities**
- **Goal 13: Climate Action**
- **Goal 6: Clean Water and Sanitation**
- **Goal 3: Good Health and Well-being**
- **Goal 9: Industry, Innovation and Infrastructure**

#### IPR Status

**No IPR applied**

## Partner Sought

#### Expected role of the partner

The company is seeking suppliers of the microcontroller with reference PGA460TPWR to establish long term cooperation agreements

#### Type of partnership

**Supplier agreement**

#### Type and size of the partner

- **SME 11-49**

## Dissemination

---

### Technology keywords

- **01003025 - Internet of Things**

### Targeted countries

### Market keywords

- **03004003 - Other electronics related equipment**

### Sector groups involved
