EU4HEALTH 2022 WORK PROGRAMME

INFORMATION SESSION FIRST WAVE OF OPEN CALLS FOR ACTION GRANTS

Thursday 10 March 2022, 10.00– 13.10 CET, Brussels time

We invite you to join this webinar.

On 14 January 2022 the Commission has adopted the second EU4Health work programme. In 2022, the EU4Health will continue to invest in building stronger, more resilient health systems and pave the way for the European Health Union. With a budget of over €835 million, the new work programme will provide an unparalleled level of EU investment in health and ensure ambitious and decisive action in four focus areas: crisis preparedness, disease prevention, health systems and healthcare workforce, and digitalisation.

The EU4Health Programme supports building a European Health Union including the fight against COVID-19 pandemic, Europe's Beating Cancer Plan, and the Pharmaceutical Strategy for Europe, and the European Health Emergency Preparedness and Response Authority ('HERA').

The programme will provide funding to eligible entities from Member States, associated third countries, international organisations, NGOs and the private sector in the form of grants or procurement of specific services. NGOs will be able to apply through an open call for operating grants, as well as for action grants on various topics. The European Commission and the Health and Digital Executive Agency (HaDEA) will manage the programme

The information session is organised in collaboration with HaDEA to present the procedure for action grants focusing on the first wave of calls that was launched in February 2022.

Register [here](#)

Once registered, you will receive the link and the registration ID to join the webinar on Thursday 10 March.

If you have any further questions, please contact sante-hpp@ec.europa.eu

We are looking forward to welcoming you online.
